NUMBER 51

ANTIOCH FAIR LISTS \$3,000 IN PREMIUMS

4-H Club Roundup Joins
Exhibits to Be Held
Here Aug. 27-28-29

With a premium list of \$3,000 ready to be delivered in the mails the first of the week, officials of the Antioch Country Fair anticipate a record-breaking exhibition the last week of August when they unveil the 13th annual show.

For the first time since its inception the Antioch Fair is to be staged before the Labor Day week-end, having formerly been given the first week in October. By advancing the date, Fair officials believe they will avoid the colder weather of the later fall months which have had a diminishing effect on attendance figures and that the earlier date will attract a great part of the summer vacationists who usually leave the Lakes Region the first of September.

This year's fair, which will be held August 27-28-29 at the Antioch Township high school grounds, corner of Rts. 54 and 173, is featuring the 4-H Club Roundup, which has boosted the premium list from \$2,000 to \$3,000. The 4-H Club Roundup was held in connection with the Lake County Farm bureau picnic in former years.

Only State Aid Fair
The Antioch Country Fair is the only state aid fair in Lake County. D. H. Minto of Antioch is president of the annual exhibition with Emmet W. King of Wadsworth its secretary. Chas. Paddock is the director with H. A. Tillotson and Bert Edwards serving as vice president and secretary respectively.

In addition to the numerous large exhibits, the exhibition, which will be held both day and night, will provide special amusements for the visitors such as radio entertainers, rides and free shows. Several WLS radio station artists will make personal appearances including The Arkansas Woodchopper, The Hoosier Sodbusters, The Flannery Sisters, and others.

Dairy Cattle, with premiums aggregating \$316, has been designated as Class A of the exhibition with Kenneth Denman of Lake Villa in charge. Sheep occupy Class B under the supervision of Harrie A. Tillotson of Antioch.

Poultry Tops Premiums
Poultry and Pigeons, the foremost exhibit of the fair with its premiums totalling \$700, is again under the supervision of Bert Edwards of Antioch. Agricultural Products exhibit with Chas. Paddock of Antioch its superintendent offers \$228 in awards. Horticultural offers \$64.75 with Wilbur Bennett of Antioch in charge. Ralph McGuire of Lake Villa is head of the Floriculture department where \$147.50 is being offered.

Fine Arts has \$124.75 in premiums with Miss Lottie Jones of Antioch in charge. Mrs. Frieda Wertz of Antioch is superintendent of the Domestic Arts exhibit where \$188.50 in awards are offered. Mrs. Ethel Atwell of Lake Villa heads the Pantry Stores class with premiums of \$202.

County Superintendent of Schools W. C. Petty of Antioch is head of the Education class which has \$104 in premiums.

Special 4-H Club List
A special premium list for the 4-H Club competitors has been listed in the premiums by the Antioch Fair officials. Earl Kane is general superintendent of Boys' 4-H Clubs with Harry C. Glickerson, county farm adviser. Mrs. E. E. Ellsbury is county chairman of Girls' 4-H Clubs.

The Lake County Holstein-Friesian breeders association, instead of holding a separate "Black and White day" is co-operating with the Antioch Fair. Special awards will be made by this county Holstein breeders.

Hold Harvester Contest Monday

Charles F. Richards, local representative of the International Harvester company, announces that nearly a score of entries have been filed with him for the contest his company is sponsoring here Monday. The boy or girl, he explains, who attaches and detaches a McCormick-Deering Farmall machine in the shortest time will be awarded a trip, all expenses paid, to the Wisconsin State fair in Milwaukee starting August 22. The Antioch winner will have the opportunity of competing for the grand prize at the fair.

Miss Martha Hughes of Wauconda, was the guest of Miss Belle Hughes a few days last week.

Ripley Please Copy— Twig Bears Blossom, Apple on Same Date

What is believed to be one of Mother Nature's freakiest work was discovered yesterday morning when an apple and an apple blossom were discovered on the same twig at the same time on the same day.

The tree, which is located on the John Blackman farm, west of the Fox River and south of Rt. 173, was discovered by the threshing crew which was working at the farm.

"Believe-it-or-not," the apple was developing on one side of the twig, while directly opposite the budding blossom was blooming.

TAVERN THUGS SHOOT TWO MEN NEAR ANTIOCH

Victim Hurls Chair at Gunmen in Beverly Inn; Is Wounded

Armed with a chair, Charles Wilkerson, 39, of Woodstock, started to attack two gunmen Saturday at midnight in Beverly Inn, Rts. 173 and 59, chased them through the door to the highway and fell to the ground when a bullet struck his right leg.

A second shot, aimed at Wilkerson, whizzed through the tavern door barely missing the wounded man as he sprawled on the ground and struck Carl Johnson, 35, of Chicago on the left side of the abdomen.

Both wounded men were rushed to St. Therese hospital in Waukegan and are reported to be recovering. Dr. W. W. Warriner of Antioch gave the injured men first aid treatment.

Wilkerson Chases Gunmen
Wilkerson, Gordon Morris and William Wolf, all of Woodstock, and Johnson and Al Slattery of Chicago were at the bar of the tavern when two men dressed in gray clothes came into the place and brandished revolvers.

Wilkerson, defying the shooting irons, hoisted a chair over his head and faced the two gunmen, threatening to bash it over their heads. The gun-slinging pair eased backward and through the door. Wilkerson followed them outside where they opened fire.

The gunmen fled in an automobile in which a third accomplice is said to have been waiting.

When the gunmen entered the tavern, William Faust, the bartender, snatched up his wife, who is also employed in the tavern, and ran into the kitchen. He called for Thomas Hanss, the proprietor, to follow.

Sheriff Investigates
On returning to the tavern, Hansen notified Sheriff L. A. Doolittle who arrived with Deputy S. M. Christian from Waukegan, to carry on an investigation of the shooting.

More than 200 motorists and revelers in the Antioch region surrounded the tavern while the sheriff's men were removing the wounded to the hospital and were trying to get some description of the gunmen.

Wolf and Morris, Wilkerson's companions, were put in the county jail for disorderly conduct when they became abusive toward the deputies.

Antioch School to Have New Teacher for Sixth Graders

Miss Margaret Fitzgerald of Evanston has been chosen to replace Miss Isabelle Harwood as the sixth grade teacher in the Antioch Grade school, it was announced yesterday by the board of education. Miss Harwood, who taught in Antioch for seven years, resigned her position when she became the wife of Dr. Marvin Stricker of Middleton, Wis., recently and is now residing in Oklahoma City.

Miss Fitzgerald is a graduate of National College of Education in Evanston which is one of the outstanding institutions in the United States for training elementary school teachers.

Work is being completed on the new tubular fire escape of the old school building which, with the renovating done on the basement, reduces the fire hazard to a minimum and meets all state and local fire prevention law requirements. The floors in the old building have been sanded and filled, giving completely new appearance.

The study hall and the outside front of the new building have been redecorated.

Miss Anna Drom is home from Macomb, Ill., where she attended the summer school term.

LAKES MARINERS AWAIT REGATTA OPENING SUNDAY

Pistakee Yacht Club, Property Owners, Sponsor Sailboat Race Revival

Lakes Region yachting enthusiasts are awaiting the starting gun at Fox Lake Sunday morning when the Pistakee Yacht club in co-operation with Chain O' Lakes property owners revive their sailboat regatta.

Regatta heads have requested that motorboats and rowboats stay out of the race course on the lake not only for safety's sake but to prevent the hindrance of the racing craft.

The race is a tune-up for the annual regatta to be held on Lake Mendota at Madison, Wisconsin, by the Inland Lakes Yachting association the week of August 17.

Starts at 10 o'clock
The Lakes Region regatta is scheduled to start at 10 o'clock Sunday morning and again at 2:30 o'clock in the afternoon. The starting line is from the Yacht Bohemia club at Stanton point and races will be conducted under the Inland Lakes association rules.

Sen. George M. Maypole, one of the sponsors who are endeavoring to revive interest in yachting in the Lakes Region, is presenting three trophies to winners. Other sponsors are:

Otto Lehmann; Harry Gardner, John Dusen, William J. Stratton, Republican nominee for secretary of state; Fred Lundin, Dr. David C. Jones, city physician of Chicago; E. M. Runyard, Edward Silhanek, Sen. Richey V. Graham, Patrick H. Joyce, Len Hewes, Mrs. David Hall, George Halas, president of Chicago Bears football club, Otto Kerner, Jr., Dr. Frank Jirka, state health director, William Oetting.

YOUTH IS DROWNED AT DIAMOND LAKE

Glen Ellyn Lad Becomes
11th Lake Co. Victim
This Year

John Neumann, Jr., 14, of Glen Ellyn was drowned in Diamond Lake Friday to become the eleventh victim in Lake county this year.

The lad, who had been visiting his uncle, G. J. Berkley, at Mundelein had rowed out on the lake in a boat by himself and had apparently toppled into the water, although there were no witnesses.

Some time after the youth had left the shore, the boat drifted back empty. Chief of police Clayton Tiffany of Mundelein and volunteers immediately searched the lake. Two hours after the boat was discovered, Chief Tiffany, and Tony Albright found the body of the boy in a weedbed a short distance from the shore.

Softball Activities

While visiting softballers continued to knock the Antioch Boosters prone during the past week, Antioch's All-Stars continued to keep their bats unlimbered to spank their opposition with much gusto.

The Stars showed little respect for the slugging reputation of the Fox Lake aggregation and scammed around the bases for a mess of 19 counters to 8 for the Grant township team. The Stars, having heard about the slugging lads who play softball for Lake Villa, invited that outfit into the precinct Monday and proceeded to plaster 16 runs home while Lake Villa bagged 7. To make the week's victories 100 percent, the Stars entertained the Union League Camp lads who vacation near Salem to an 8 to 5 licking.

Booster lapses of what to do with the ball when it's spanked asid helped the Washington Tire and Service team from Waukegan to stage a belated rally Monday night to peg the Boosters with another loss, 12 to 7. Last night the Boosters enlarged on their funny fielding antics to present the Malick Saints of Waukegan with an 11 to 9 win in the final inning. The return engagement of the Lincoln Taverns of Kenosha resulted in a second victory for the bar advertisers, this time by 13 to 9. The Kenosha All-Stars made the week a total flop for the Boosters by taking a 5 to 3 victory back to Wisconsin with them.

Mr. and Mrs. Oliver Cubbon were Waukegan visitors Saturday.

PARENTS—WAKE UP!

George Wedge, 82, Life-long Antioch Resident, Succumbs

Rites were held Monday for George S. Wedge, 82, widely known Antioch resident, who died at his home at 3 o'clock Saturday afternoon after three weeks' illness.

Mr. Wedge, who was the son of Mr. and Mrs. Joshua Wedge, Antioch pioneers, spent his entire life in Antioch. For many years he operated a stock farm in the region and until his death he was part owner of the Antioch Oil company's service station at Main and Lake streets.

He is survived by his widow, Amy Smart Wedge, and a son, Earl. Funeral services were held in Antioch Monday afternoon at 2 o'clock with the Rev. Loyal V. Siler of the Methodist church in charge. Burial was in Millburn cemetery.

Lightheavies to Feature Mat Card at Ivanhoe Friday

Mike Kilonis, self-styled "Dirty Greek" wrestler from Schenectady, headlines the grappling show tomorrow (Friday) night at Dietz arena in Ivanhoe where he tangles with Pat Kelly, the Dublin Irishman from Knoxville, Tenn. Both are challengers for the lightweight title.

Babe Kasaboski, the handsome Canadian lightweight, has the semi-windup assignment, meeting Tony Falletti of Italy and the Pride of Pistakee Bay, Charley Peterson, is matched with the "hardboiled villain," Rudy Kay, the Chicago baker boy who uses a dandy bunch of unsportsmanlike tactics.

Frenchy LaRue of Quebec and Frank Schroll of Hollywood are matched in one of the prelims by promoter Fred Kohler who puts on the weekly meeting of the catch-as-catch-can artists each week at Chicago's Arcadia Gardens.

Antiochans Suffer Injuries in Auto Crash at Fox Lake

Five persons were injured Saturday when an automobile driven by G. M. Richard, 60, of Antioch was in collision with the car operated by Frederick D. Countiss, 22, of Chicago at Rt. 60 and Grand ave. in Fox Lake.

Mrs. Ruth Poole, 25, of Chicago, who was riding with her husband in the Countiss car was the most seriously hurt.

Mrs. Edith Johnson of Antioch, who was a passenger in the Richard car was treated for cuts and bruises.

Chicago Judge Rests at Channel Lake Home

Judge Joseph B. Hermes of the Municipal Court of Chicago is again spending his vacation period from the judicial bench at his summer home at Channel Lake. Judge Hermes, whose term expires in 1940, has favored the Lakes Region as his relaxation and recreation playground for several years.

FIVE KILLED AS CAR RAMS BRIDGE

June Accident Claims 31st
Lake Co. Traffic Death
After 54 Days Agony

Sam Casazza, 21-year-old Kenosha, broke into newspaper headlines for alleged heavy fisted work on an automobile accelerator resulting in death.

In June the Casazzas were parties to the Bean Hill crash which resulted in the death of six-year old Theodore Andersen of Antioch. At that time excessive speed by the Casazza car driving west on Rt. 173 is said to have resulted in crashing the Andersen car as it was driven onto the pavement at Bean Hill school.

Saturday the Casazza car was stopped in its 78-mile-per-hour travel by a concrete abutment of a bridge on Rt. 173, near Hebron.

4 From Family Dead
This time bleeding, bone-shattering death claimed five from the alleged Casazza speed—four out of the Casazza family including the mother, Mrs. Mary Jane Casazza, 52, and three children, Patricia, 10, and Fred, 9, both of whom escaped in the Bean Hill crash in June, and Sarah, 19, Raymond C. Barnes, Jr., 17, a friend of the family was the other victim.

Sam Casazza, said to be the driver of the death-dealing car, is reported to still be living. Four of the occupants were killed almost immediately, but the fifth, Patricia, died several hours later in the Harvard hospital.

Excessive speed was indicated as causing the accident and the speedometer was reported to be stuck at 78 miles an hour on the demolished car.

Accident Near Mundelein
Lake County's 31st traffic death, just nine less than the 1935 total of 40, was claimed late last week when word was received from Evanston that Charles Patchen, 69, of Winnetka who had lain in agony since an accident on June 6 near Mundelein, had succumbed to his injuries.

The accident which finally caused the Winnetkan's death occurred at the intersection of Rt. 59 and Diamond Lake road. Patchen was injured when the car driven by Lee Schaffchen, 38, of Winnetka was in collision with an automobile operated by Richard F. Weber of Lake Geneva. At the time of the accident, Weber claimed that Schaffchen's car was zigzagging on the highway.

All passengers in the two cars were treated at Condell Memorial hospital at Libertyville and Patchen was removed to the Evanston hospital. He lingered before death claimed him for 54 days.

County Legion to Meet at Antioch

The next regular meeting of the 8th legion will be held in Antioch on Wednesday, August 19.

It was necessary to change the original meeting day because of the department convention beginning August 22 at Danville.

SWEEPING FLAMES CONTINUE TO HIT ARID LAKES AREA

Antioch Fire-Fighters Limit
Damage as Drought Adds
to Hazard

Flames this week continue to rage in the dry grass and grain-impervious structures in the Lakes Region which the continued dry weather has added to the fire hazards in the region.

Equipment of the Antioch Fire department was constantly on the run Sunday and Monday, but swift work by the volunteer force held the damage to a minimum and prevented serious damage to residences and farm structures.

Work for 3 Hours
Sweeping flames Sunday morning at 11 o'clock brought the Antioch firemen to the Grass Lake section where fire raged on the Kesslering property, opposite Thorne's grocery store on the Grass Lake road. The firemen worked for nearly three hours before the blaze was controlled.

A call for assistance from the Fox Lake department took the Antioch firemen to the east side of Fox Lake Sunday at 6:30 P. M. to aid in extinguishing flames at the East Shore Gardens.

Three Calls Monday
What is said to have been a continuation of the Kesslering fire broke out on the farmland of Mrs. Joe Yopp on the north shore of Petite Lake Monday morning at 9:30. Burning grass had gained considerable headway and the firemen worked feverishly for over two hours before it was under control.

Before refueling the fire truck upon its return to the firehouse from the Yopp farm, the Antioch force was called to the Cepek subdivision at Cross Lake to extinguish another raging grass fire.

Again at 2:45 o'clock Monday afternoon the brigade was called to the Earl Pitman residence at 1023 Victoria st., to dampen a grass fire which was rapidly growing to menacing proportions.

BLAZE SWEEPS FARM WOODLOT AT WILMOT

Crew of More than 75 Men
Stage Struggle with Fire
at Hegeman Farm

Flames which raged over a 20-acre woodlot and pasture on the Louis Hegeman farm near Wilmot for more than four hours this week kept a crew of 75 residents of the area and members of the Wilmot volunteer fire department at work with brooms and damped burlap sacks.

The fire on the farm, occupied by Leland Hegeman, when discovered, had gained considerable headway and was whipping through the tinder dry grass of the pasture land.

An emergency call was sent in to the Wilmot firefighters and a group of nearly 100 men brought the fire under control. Considerable feed for livestock was destroyed.

Antioch 4-H Club Defeats Lake Zurich Softballers, 6 to 3

Antioch's 4-H club softball aggregation invaded Lake Zurich Thursday where they defeated the strong 4-H team of that section by a score of 6 to 3. The tilt was the main feature of the annual 4-H Club weiner roast picnic.

Antioch was represented by Harold Edwards, pitcher; Homer White, catcher; Sidney Hughes, 1b; James Nielsen, 2b; Robert Hallways, 3b; James Herman, ss; Donald Minto, Henry Quadenfeld, Glen Fox and Alfred Andersen, the fielders. C. L. Kutil accompanied the squad.

Channel Lake Pavilion to Stage Amateur Show

Shades of Major Bowes with his "all right" and "gong" is to be a feature at the Channel Lake Pavilion on Rt. 173 west of Antioch every Wednesday night, it was announced yesterday by the management. All local talent has been invited to participate with three prizes being awarded the winners.

Claims Finest Blooms

J. C. James of 441 Orchard st., claims to "have the finest outdoor flowers in Antioch." He made this statement yesterday at the office of The Antioch News, speaking for publication.

FACTORIES VS. AUTOMOBILES

During recent years, the industrial accident record—both as to frequency and severity of accidents—has steadily declined. More and more manufacturing companies are operating month after month without a single reportable mishap. Unless all signs fail, 1936 will witness still additional improvement over the preceding year.

During the same period, the automobile accident record has grown steadily worse. More accidents occur—and result in graver injuries. It now seems likely that the death toll for 1936 will be the greatest in history, and will pass the 36,000 mark.

Why should factories grow more safe while highways grow more dangerous? It can be argued that constant progress is being made in guarding hazardous machinery. So it is—but constant progress is likewise being made in improving cars and roadways.

The real explanation of the anomaly can be expressed in two words: The "human element." Factory managements have been unsparing of time, money and effort in instilling "safety consciousness" into workers. The congenitally careless employee, who risks the lives of other workmen as well as his own, merits and receives dismissal. A workman who won't absorb the doctrine of "never take a chance" has no place in a modern factory.

The motorist, on the contrary, is not similarly restricted. If he wants to be reckless, it is up to him. True, we have traffic laws—but no state or city can employ enough peace officers to keep a check on all drivers. And it is an unfortunate fact that the most reckless driving practices are usually punished with only a small fine.

Men who would instantly fire a workman who was careless in operating some machine, daily risk dozens of accidents while driving. Not until public opinion forces the motorist to "think safely and drive safely" will the automobile accident toll be measurably reduced.

THINGS ONE REMEMBERS

An Associated Press dispatch from Berlin reports that an editor of a well-known German newspaper has been sentenced to life imprisonment for "high treason."

The dispatch added that no official explanation was given as to just what he had done to merit such severe punishment, but that members of the foreign corps remembered that a few months before he had divulged to them some of the orders given the German press by the "minister of propaganda"—and had been immediately arrested.

Here is a fine fruit of dictatorship! Certainly it seems incredible that any government should tell its press precisely what it may or may not say and advocate, or that an editor who disobeys such dictation can

be sentenced to a life behind bars.

Such things can only happen in nations where freedom of press, freedom of speech and constitutional liberties have been abrogated by iron-fisted dictators more powerful than the ancient Tsars.

Here in our country, freedom of press, speech and action exists by virtue of the United States Constitution.

PLATFORMS VS. PERSONALITIES

Governor Landon's speech of acceptance—which pledges the encouragement of private initiative and enterprise, and followed the pattern everyone anticipated—has inaugurated the campaign in earnest. From now on, the political fur will fly thick and fast, with hostilities reaching their most tense point in October.

Interesting aspects of the campaign is the contrast between some unbiased and distinguished political commentators are displaying toward both party platforms. These commentators tend toward the belief that the Republican platform general, vague, filled it with "escape clauses." They also seem to believe that the Democratic platform, while it lacks much in exactness, is the better written, more appealing document.

But chances are that the platforms will play very little part in the campaign, aside from giving political spokesmen opportunity to "point with pride" and "view with alarm." The candidates themselves are the great factor. It will be a contest between the plain Landon personality and the glamorous Roosevelt personality.

FIRE LOSS AGAIN RISING

The national fire loss, according to the National Board of Fire Underwriters, is again on the rise. During the first five months of this year, it was some \$20,000,000 in excess of the loss experienced in the same period of 1935.

It is possible that part of the increased loss is due to the fact that property values are somewhat higher now than they were a year ago, and another part to increased industrial activity, which naturally increases fire hazards. Even so, America's fire loss is nothing short of a disgrace, and is a black monument to human carelessness, human ignorance, human indolence.

It cannot be too often repeated that at least eighty per cent of all fires, minor and great, are preventable. The fire that consumed a splendid home could have been prevented had wiring been checked and repaired—the fire that destroyed a church could have been prevented had the heating plant been periodically inspected—the fire that destroyed a factory could have been prevented had inflammable liquids or solids been properly stored and handled. So it goes, down the whole gamut of fire. The inevitable fire, that nothing could have prevented, is as rare as hen's teeth.

This summer, as usual, the country has undergone a number of serious forest fires. More will occur before the fall rains set in. The great human causes of such fires are sparks from faulty smokestacks, donkey engines, careless disposal of smoking materials, and ignorance as to building and extinguishing camp fires. Hundreds of thousands of acres of magnificent timber, the growth of centuries, have thus been burned to ashes. Wild life has been cremated as forest fires roar across miles of territory.

Fire is a calamity—and it is likewise a crime. And the fact that most persons who start fires do not realize their guilt does not mitigate the results of their offense. No American is so far beyond "school age" that he shouldn't take lessons in fire prevention.

Sowing and Reaping

IN HUMAN experience one must first sow before one can reap, and one reaps what one sows. If one sows paddy seeds in a garden, one does not expect chrysanthemums to appear. Rather does one watch eagerly for the first green of the paddy plant to push its way through the earth, already envisioning the velvety flowers to follow. If, on the other hand, weeds are allowed to grow in a garden, what can be expected but a growth of weeds. Therefore, a wise gardener is careful in his sowing and watchful in his weeding.

In Deuteronomy, Moses is recorded as saying (22:19): "Thou shalt not sow thy vineyard with divers seeds; lest the fruit of thy seed which thou hast sown, and the fruit of thy vineyard, be defiled." Even if one is careful in one's selection of seeds, with the first appearance of the daily plants may come the harmful weeds. Anyone who has done much gardening knows how aggressively the weeds strive to outdo the plants, and what alertness is required to see that the weeding keeps pace with the eager pushing forward of the desired plants.

Mary Baker Eddy writes in "Miscellaneous Writings" (p. 342): "The weeds of mortal mind are not always destroyed by the first sowing; they reappear, like devastating wild grass, to choke the coming clover." How we all dislike to see a weed-clogged, overgrown garden. And we realize the work involved before all devastating weeds are cleared out; for, from the time of ripening, their seeds have not only been re-seeded, but have also been blowing hither and yon to interfere with the neighbors' gardens. Occasionally, if the weeds are raked on the adjoining property, the ones whose garden is clear may be tempted to be annoyed, and even to feel that punishment should come to those responsible for letting the weeds scatter their seeds. But immediately comes the realization that if any weeds have been left in one's own garden, they may be blowing over the fence to someone else's flower bed. The wise plan is to keep up one's own weeding, and then guard in every way against the possible encroachment of weeds from without. Sometimes the weeds are so nearly like the plant or flower that one fails to recognize them at first glance, and care is required not to pull up the plant.

If we liken the seeds in our gar-

den to the mental qualities that we encounter in our everyday experience, we find hypocrisy claiming to be almost identical with the lovely flower of consecration. Deceit and dishonesty, envy and jealousy, are poisonous if one lets them in, and also are aptly and indifferently. The noxious weeds of revenge and retaliation, and the rank growth of hatred would kill whatever comes within their range. So, we must be ever-watchful that we pull up the rank growth of mortal mind in order that the lovely flowers of unselfishness, happiness, fidelity, co-operation, unity, and peace may not be crowded out. As are our individual mental gardens, so are the mental gardens of the nations and of the whole world affected. What joy will come when all mankind learns this glorious lesson of right thinking!

Sometimes, as one goes around, daunting itself in the world around us, evil may appear to become more firmly entrenched, and one is tempted to believe that power lies in erroneous thinking; but what error sows will be reaped in tears. Evil attempts to plant what ends in remorse, which only the truth can wipe out. Why waste a moment worrying for fear error should have its own way? Why ever be tempted to want to avenge a wrong? If one has been sowing forgiveness all the time, he will be reaping such gardens of lovelessness that only compassion can be felt for the blindness of those who would not see. Mrs. Eddy writes in "Miscellaneous Writings" (p. 228): "To know that a deception, dark as it is, has been practiced upon thee,—by those deemed at least, indebted friends whose welfare thou

hast promoted,—and yet not to avenge thyself, is to do good to thyself."

There are no flowers so lovely as the mental flowers which grow in a garden of gratitude and forgiveness. When one can actually send forth love and can desire to see another who has injured him go forward the very founts of love are unobscured to him.

What wonderful things will happen among nations and peoples when they can sow and reap in this way; when individuals and nations learn to watch for and dispose of the unlovely weeds that fringe the highways and byways of international co-operation; and work together for the good of all. World peace will then be assured, and hideous, revengeful war with all its terrors will disappear into nothingness. Let us sow the lovely things of God, that we may reap them!—The Christian Science Monitor

hast promoted,—and yet not to avenge thyself, is to do good to thyself."

Let us sow the lovely things of God, that we may reap them!—The Christian Science Monitor

hast promoted,—and yet not to avenge thyself, is to do good to thyself."

There are no flowers so lovely as the mental flowers which grow in a garden of gratitude and forgiveness. When one can actually send forth love and can desire to see another who has injured him go forward the very founts of love are unobscured to him.

What wonderful things will happen among nations and peoples when they can sow and reap in this way; when individuals and nations learn to watch for and dispose of the unlovely weeds that fringe the highways and byways of international co-operation; and work together for the good of all. World peace will then be assured, and hideous, revengeful war with all its terrors will disappear into nothingness. Let us sow the lovely things of God, that we may reap them!—The Christian Science Monitor

hast promoted,—and yet not to avenge thyself, is to do good to thyself."

COL. FRANK KNOX

Colonel Knox, Republican candidate for vice president, will take an active part in the coming campaign. He plans to speak in all parts of the United States.

Wheat Imports Jump Rapidly

United States Now Buys 40 Million Bushels From Other Nations.

By FRANK RIDGWAY

Gears of international trade machinery have been thrown in reverse to the extent that the United States is today the world's largest wheat importer, with the single exception of Great Britain, including North Ireland. In that regrettable position this nation has imported from foreign countries more than 40 million bushels of wheat within the past year.

For at least 70 years, this country had been a net exporter of wheat. A dozen years ago, farmers bragged about selling to foreign countries more than 259 million bushels of wheat in one year, exceeding the exports of any other country in the world. Today, they are forced to stand by and watch foreign growers sell wheat to America's customers abroad. They also are supplying a large part of the market here at home.

Government Tinkering

This revolutionary change has been brought about not only by droughts, but also by government tinkering with production and foreign trade policies. Had there been no government meddling, our growers would have had more wheat to sell during the next 12 months when prices are expected to be higher than they have been for several years.

After three years experience under a crop and livestock production program dictated to them by officials of a centralized government, many practical farmers feel that they would have done a better job acting individually. They must pay their share of the New Deal dole money sent out to individual farmers for reducing their production which has contributed to the present predicament.

Farmers had been told by political planners that the reduced production of farm products, brought about by adverse weather conditions and by the Agricultural Adjustment Administration program, had been good for them. As they now stand looking backward, each farmer is better able to appraise for himself what the drought and the Agricultural Adjustment Administration did for him and decide as an individual whether it has been good or bad.

Pay Higher Prices

Producers, working under various handicaps, are now threshing a wheat crop estimated to be approximately 638 million bushels, more than 145 million bushels less than the five-year average from 1929 to 1933. It will again be necessary for the United States to bring in large quantities of hard wheat to blend with soft wheat during the next year. Our millers will be forced to pay a higher price plus 42 cents a bushel duty because Canada's wheat crop is short.

When the wheat drills start this fall, many United States growers are expected to make their own decisions as to the number of acres they will plant and encourage their neighbors to do likewise.

Lincoln, Landon

Have Same Initials

Mrs. Wilma D. Hoyal, assistant chairman of the Republican National Committee, isn't superstitious, but she points out that Abe Lincoln and Alf Landon have the same initials.

"Abe Lincoln," says Mrs. Hoyal, "brought our country through its greatest crisis in the 19th century. If there is any significance in this repetition, Alf Landon surely will be elected to do the same for us in the 20th century."

Horse and Road Wagon Stolen

About one o'clock Tuesday morning a grey horse and road wagon with wine colored running gear was stolen from the barn of John Carney at Hickory by a boy who had been in Mr. Carney's employ. It appears that the boy who was about 16 years of age, came to work for Carney about six months ago, and learning that a warrant was out for his arrest for stealing a bicycle in Wisconsin he cleared out, taking his employer's rig with him. About one o'clock in the morning Mr. Carney heard the rig crossing a bridge, near his house and started in pursuit. When near the farm house of George Kennedy he overtook the thief and demanded the return of the rig. The young thief whipped up the horse, which being much the fleetest, soon outdistanced the horse ridden by Carney, and the thief escaped in the darkness. Several of the neighbors were aroused and started in pursuit, but lost track of the thief near Woodstock, McHenry county.

A party of Antioch and Chicago people visited the Lotus beds Tuesday. E. B. Williams, Mrs. D. A. Williams, Elsie and Lella Williams, and Will Williams of Antioch, Walter Lectore and Walter Williams of Chicago, Miss Pierce a teacher in the Hyde Park school, who chaperoned five of her lady pupils. A pleasant time was had by all.

Monday, August 5th, being the birthday anniversary of B. R. Hoysradt, a party of his gentlemen friends came and took him by surprise. During the evening they presented him with a handsome gold watch, chain and fob, and a box of choice cigars. The evening was spent in playing pedro until eleven o'clock, when refreshments were served, after which Mr. Hodge favored the party with some songs with piano accompaniment. Among those present were George Webb, John Perkins, H. Billett, William Hodge, H. Sweet, Will Smart, Albert Tiffany, John Hiscrad, S. Strahan, George Hoekney, Ed Hoysradt of Chicago. At a late hour they left for their several homes satisfied that it was a complete surprise and wishing him many happy returns of the day. One who was there.

Thirty Years Ago

Alex Hanlan returned from Canada Tuesday and we understand that he purchased 150 acres of land. Harvey Watson of Chicago is spending the latter part of this week with his parents, Mr. and Mrs. A. G. Watson. C. B. Little and wife of Chicago are visiting relatives in this vicinity. George Golwitzer left this week for an extended visit in Germany. He expects to be gone about three months, while away he will also visit France and Italy and other parts of interest.

Ten Years Ago

Distinguished guests visited with J. S. Jeesman at his cottage at Grass Lake Sunday. Mr. A. Novario, Spanish Consul of Panama and his son-in-law, Mr. R. A. Cameton, Vice Consul, together with R. T. Cramer and F. J. Fredrickson of Chicago. Mr. and Mrs. Somerville were the guests of Mr. and Mrs. Clyde Kinrade recently. Mrs. Ray Thompson and son, Billy, of Forest Park are guests this week at the home of her parents, Mr. and Mrs. George Kubaupt. Rev. and Mrs. E. Lester Stanton left Sunday morning for Claude, Texas, to visit Mrs. Stanton's parents, Mr. and Mrs. Smalley and other relatives and friends. They expect to be gone about three weeks.

HICKORY

(written for last week)

The Hickory Unit of Home Bureau and the Millburn Maidens 4-H Club will give an ice cream social at the home of Jesse Demman at Millburn Friday evening, July 31. A program of two little plays will be given by the girls during the evening. Mr. and Mrs. Vange Gumore and son, Lyle, of Bristol visited Sunday afternoon and were supper guests at the John Crawford home. Myron Oleant has sold his farm to a Chicago man. Mr. and Mrs. Herman Lossman and daughters, Eleanor and Marion of Waukegan, visited the Max Irvings Sunday afternoon. Miss Ellen Imlock and friend from Chicago called at W. D. Thompson's Tuesday afternoon of last week. Miss Shirley Hollenbeck spent Friday in Chicago. Mr. and Mrs. Ray Bishop and Eloise of Kenosha visited Friday evening at H. A. Tillotson's. Miss Lois Hunter of Oak Park was home Sunday. Mr. and Mrs. Frank Webb of Kenosha visited the A. T. Savage family, Sunday. Mr. and Mrs. H. A. Tillotson were Kenosha shoppers Thursday afternoon. Mr. and Mrs. Max Irving were Waukegan shoppers Monday. Bill Nielsen left Saturday evening for Norfolk, Virginia. He expects to be there until September 1st, when he goes back to San Diego, California, again.

How to Get a WPA Job

Mr. Thomas M. Kerrane
6202 Raynton Street
Philadelphia, Pennsylvania

United States Senate

COMMITTEE ON FINANCE

April 15, 1936

Dear Mr. Kerrane:

This will acknowledge the receipt of your letter of April 7th.

Senator Guffey has nothing to do with the filling of positions in the Works Progress Administration in Pennsylvania. This matter is handled entirely by Honorable Edward N. Jones, State Administrator, Works Progress Administration, Harrisburg, Pennsylvania.

I would therefore suggest that you contact your local Democratic leaders with a view to having them recommend your appointment to Mr. Jones who will, I feel sure, give your application and their recommendation every possible consideration.

Sincerely yours,

RH Baly
Secretary to
Senator Guffey

Here is a little advice to an unemployed, disabled veteran who wrote to Sen. Joseph F. Guffey, Democrat of Pennsylvania, whose "coal industry NRA" bill which bore his name has been declared unconstitutional by the United States Supreme Court. The vet wanted a WPA job. The reply, on stationery of the United States senate and signed by Guffey's secretary, tells the needy veteran to get the blessing of the local Democratic politicians if he wants federal work relief. (Reproduced by permission of the Philadelphia Inquirer.)

TREVOR

Threshing in this vicinity is in full swing. All grain is much better in yield and quality than was expected.

Mrs. Joseph Burke, Sr., daughter, Betty, and niece, Marion Atkinson, Mrs. Meyer and son, Lawrence, Chicago, spent Tuesday with the former's son, Joseph Burke, Jr., and family. Patricia Burke returned home with her grandmother for a few days' stay.

Mr. and Mrs. Daniel Dongman entertained the former's brother-in-law and sister, Mr. and Mrs. R. Neff, Walworth, Wis., on Tuesday.

Mrs. Kroell and son, Johnnie, returned home Tuesday from Detroit, Mich., where she was called by the death of her father.

Mr. and Mrs. Russell Longman and Mrs. Daniel Longman spent Thursday in Kenosha.

Mr. and Mrs. Herman Larsen spent Thursday at the Jake Christensen home.

Johnnie Dahl is spending the week with Gilbert Neilsen and parents at Eagle Lake.

Vogler & Schillo loaded and shipped the last of their sauerkraut from the factory Thursday.

The Misses Gertrude and Pauline Copper and Mrs. Henry Ernie motored to Madison, Wis., Friday.

Mrs. Luana Patrick and Mrs. Harry Lubeno were Kenosha callers Thursday.

Mrs. James Lamb and daughter, Betty Jane, Kenosha, spent Tuesday with Mr. and Mrs. Joseph Smith while Mr. Lamb spent the day golfing with friends at Our Country Club. The Lambs have rented a cottage at Pad-dock's Lake for the summer.

Mrs. Phil Lavendusky and son-in-law, Lee Barhyte, were Kenosha callers Thursday.

Mrs. Arthur Bushing entertained her sister-in-law, Mrs. Edna Anderson and daughter, Chicago, a friend from Reno, Nevada, and Miss Eileen Price, of Mapleville, California, on Wednesday.

The five Bohra sisters of Chicago, formerly of Channel Lake, called on friends in this locality Friday.

Ralph Barber, Silver Lake, was a Trevor caller Thursday evening.

Mrs. Collignon is very sick at the Evanston hospital from a recent operation.

Mr. and Mrs. Chris Schafer, Jr., son, Herbert, spent Sunday evening at the Chris Schafer, Sr., home near Bristol.

A number from Trevor and vicinity attended the carnival at Camp Lake Oaks Saturday evening.

Monday afternoon callers at the Patrick sisters home were: Mrs. George Faulkner and Mrs. Dave Kimball Wilmet.

Sunday visitors at the Charles Oetting home were: their daughters, the Misses Elvira Oetting, Madison, Aet-line Oetting and Mrs. Howard Maht-ews, Oak Park, Mr. George Karnett, Chicago, Herman Oetting, Jr., Ber-wyn, Ill.; Mr. and Mrs. G. Oetting and son, Binky, Riverside.

Mr. and Mrs. Charles Murphy and children, Kenosha, and Mr. and Mrs. Albert Mutz and children, Chicago, visited at the Pete Schumacher home Sunday.

Mec Bailey and son, Eugene, La Grange, Ill., visited their cousins, Mrs. Luana Patrick and Milton Patrick, Saturday afternoon.

Hiram Patrick, daughter, Mrs. William Kruckman and her son, James, Burlington, visited the Patrick families Sunday.

Mr. and Mrs. Vernon Selley and Mrs. Alix Bittner, Chicago, spent the week-end with the latter's sister-in-law, Mrs. Henry Ernie and daughter, Elleen.

Mr. and Mrs. Burke Adams, Chicago, spent the week-end with their

mother, Mrs. Daniel Longman spent Thursday in Kenosha.

Twenty-six guests were entertained Tuesday evening at a surprise miscellaneous shower at Social Center hall in honor of Mrs. Champ Parham, Waukegan (formerly Miss Daisy Mickle of Trevor). Cards and buncos were played followed by a delicious luncheon at which appointments were carried out in green and yellow by the hostesses, Mrs. Kermit Schreck and Mrs. Jessie Allen. Mrs. Parham received many useful gifts.

Mrs. Fred Fowles, Lake Forest, spent Tuesday night with her sister, Mrs. Charley Runyard and family.

Friends have received word of the passing of John Ensley at the home of his daughter, Mrs. Elizabeth Hannes, Racine, on Thursday, July 23 of a heart ailment. He was born in Brighton seventy-two years ago. When a small boy with his parents they moved to a home about a mile south of Trevor school house. Here he received his education, later working as a mason. A number of years ago he moved to Racine where he was united in marriage to his brother, Charles widow, Mrs. Vinnie Neff Ensley. Two daughters, Mrs. Elizabeth Hannes and Mrs. Ethel Anderson, (son two half sisters, Mrs. Ann Kim-mel, Trevor, and Mrs. Maggie Schul-kins, Cleveland, Ohio, survive. The funeral was held Monday afternoon at 2 o'clock at the A. C. Hansen funeral home in Racine, with burial in Racine by the side of his wife.

Mr. and Mrs. Harry McKay and children, Chicago, visited the former's parents, Mr. and Mrs. D. A. McKay, on Saturday.

Four fire trucks from Wilmet, Silver Lake and two from Antioch were called Sunday to a grass fire which was started from a Soo Line engine near the Frank Larwin resort. Several haystacks were burned before the fire was under control.

Mr. and Mrs. John Gauger, Wilmet, called at the Mattie Copper home Sunday.

Week-end visitors at the Charles Oetting home were: their daughter, Mrs. Howard Mithews and friend, Miss Esther Sharpe, Oak Park, and Sunday

callers were Herman Oetting, Jr., Adolph and Dorothy Anderson, Berwyn, Ill.; Miss Irene Price, Mapleville, California; Mrs. Otis C. Hay and children, Western Springs, Ill.

Mr. and Mrs. Champ Parham, Waukegan, spent the week-end with Mrs. Jessie Allen and daughters. Monday morning, Betty Jane Martin, Mrs. Allen and daughters, returned home with them for a two days stay.

Nick's Cocktail Club from Chicago, numbering 250, held a picnic at the Frank Larwin resort on Camp Lake, on Sunday.

LOW COST-HIGH RETURN

Today's livestock and crops are tomorrow's farm cash. A small difference in price per hundredweight or per bushel may mean a big difference in a year's profits. That is one reason farmers regard the farm telephone as a necessity. A recent survey showed that 44 per cent of the usage of the average farm telephone is for calls having to do with operation of the farm—calls regarding prices for farm products, farm help, farm repairs, farm supplies. If these errands had to be "run" by the farmer in person or even by messenger they would have cost many times more than the telephone. Progressive farmers will not allow the small cost of a telephone to deprive them of the steady profit which the telephone builds up, day by day.
